

MULTIMETERS & VOLTAGE TESTERS

AM-530 TRUE RMS ELECTRICAL CONTRACTOR MULTIMETER

- Voltage up to 600Vac and 600Vdc, ac/dc current, resistance, frequency, capacitance, temperature
- VoltTect™ Non-contact voltage detection
- Built-in test leads storage and "third hand holder"
- Built-in test leads storage and "third hand holder"
- Audible continuity
- Diode test
- Data hold
- Max/min memory
- Relative zero mode
- Auto and manual ranging
- Auto power off
- Low battery warning
- Voltage Readings: AC/DC
- Current Readings: AC/DC
- Safety rating: CAT III 600V

AMPROBE®

Model No.	Mfg. No.	Price /Each
IC066	AM-530	

PRM-6 PHASE SEQUENCE & MOTOR ROTATION TESTER

- 3-phase wire sequence indication
- Synchronous or asynchronous motor rotation direction
- Error displays (missing phase, one input connected to neutral or PE)
- Non-contact, wireless motor rotation detection on running motors
- Indicates motor rotation of disconnected motors when spinning the shaft by hand or other means
- 3-phase to phase voltage up to 700 V
- Clear backlit LCD display with easy to read symbols
- Durable, rubber casing for 3 ft. (1 m) drop-proof protection
- Low battery warning
- Display Type: Digital
- No. of Phases: 3

IC063	PRM-6	

37XR-A TRUE RMS DIGITAL MULTIMETER

- Inductance to 40 H, frequency to 40 MHz, capacitance to 400 µF, logic to 20 MHz
- Input warning tone when test leads are in wrong jack
- 10,000 count, 0.1 % accuracy
- 1000 V/750 V DC/AC True RMS
- 10 Amps AC/DC, fully safety fused
- Resistance to 40 MΩ
- Continuity beeper
- Min/Max and Data Hold
- Auto power off to save battery life
- Separate door for easy battery and fuse access
- Magne-Grip™ Holster with magnetic hanging strap
- Three-year warranty
- Voltage Readings: AC/DC
- Current Readings: AC/DC

TIC-300-PRO NON-CONTACT HIGH VOLTAGE DETECTOR

- MSHA certified and intrinsically safe
- Utility tool for checking transmission lines, power distribution equipment, down power lines, fuses, and load break connectors
- Low-voltage setting for checking voltage presence in breaker panels, breakers, power outlets and wiring
- A unique self-test feature so there is no need to connect directly to a current carrying conductor – saving your time and keeping you safe
- Ergonomic design with a convenient handle
- Drop proof up to 6 feet
- Voltage Detection: 30 V - 1500 V
- Alert Type: Display & Sound
